DRAFT-DAY CHEAT SHEET · SEASON 2027

STARTUP DRAFT

36 ROUNDS · SLOW SNAKE · 12 FRANCHISES

HOW IT WORKS

- 36 rounds, slow snake, with a 4-hour pick clock.
- The clock pauses every night from midnight to 8:00 AM ET. You can still pick; the timer just stops.
- Draft order comes from a random draw, posted in Discord before the draft.
- Set a queue. After two expired clocks the Commissioner may switch on auto-draft until you're back.
- Your dues must be paid by the deadline to draft.
- Finish with a legal roster by the roster-compliance deadline.
